Commercial Advertiser

WALTER G. SMITH - EDITOR.

SATURDAY : : : SEPTEMBER 22

What induced Prince David to make his sudden break for a nomination is likely to remain a socio-political mystery.

Mr. Isenberg will hardly relish the position which the tumultuous return of the Democrats to their first choice leaves him politically.

Oom Paul has left the Transvaal but as he has salted away a few millions for a rainy day his lot would seem to have its compensations.

If "drumming for business" is what has enabled Mr. De Bolt to win his cases in the Supreme Court the quicker his competitor starts the same kind of music the better it will be for his clients.

"We want no Princes in the Democratic party," said a Bourbon leader to Prince David at Kansas City. For safety's sake the Prince had better learn to chew tobacco, wear a slouch hat and to answer readily to the name of Dave whenever the party lines up at the bar.

The statement that Samuel Parker will get out of Prince David's way is denied by that gentleman despite the confident pledges of the Testa organ. Sam will stick and David will stick and Wilcox will stick. It begins to look like a neck and neck race for a plurality.

As we thought, Mr. Sewall's "new press" organ objects to fusion. It imagines because its little Band of Hope got some help from the Wilcox party at the primaries, that the machine has organized victory. In point of fact the machine cannot show a list of one hundred and fifty sure thing supporters on the Island of Oahu. Left to itself at the election its following would vanish like peanut shucks in a Galveston gale.

The Galveston horror recalls the catastrophe at Johnstown in 1889, the death rate being about the same. It is not unlikely that the growth of Galveston as a commercial port and railroad center will be retarded for a time though the position of the city must ultimately save it. The loss of life and the loss of property by the hurricane have roused the charitable instincts of the country and relief of all kinds is pouring towards the Gulf.

NEWS OF WORLD
CONDENSED

Sousa's band has returned from Europe.

The Paris fair is a paradise for pickpockets.

Men visitors are in a minority at the Paris fair.

Rear Admiral Sicard, U. S. N., died of apoplexy.

Teresa, the Mexican "saint" is now in San Francisco.

Robert Mantell, the actor, has married for the third time.

The Galveston relief fund of Portland, Ore., amounts to \$1,000.

There is a promising outlook for the Salt Lake-Los Angeles Railroad.

The Rock Island Railway is surveying between Yuma and San Diego.

The demand for chorus girls in New York is far in excess of the supply.

The total receipts of the Havana custom house for August, 1900, were \$921,925.

A monument to the late General Lawton has been erected at Fort Wayne.

Thousands of miners have already quit work in the coal region, and the success of the strike is assured.

White settlers have driven Mojave Apaches from the neighborhood of the Fort McDowell military reservation.

A. M. Moreland, secretary of the Carnegie Steel Company, has resigned, out of physical inability to sign \$5,000 bonds.

Admiral Dewey directed the efforts of improvised firemen at Narragansett Pier, and saved the place from burning.

Edwin Gould denies that he and his brother paid the debts of Castellane, and that the chateau was not offered for sale.

Mrs. Craven has been arraigned at San Francisco on a charge of perjury. She now claims to be paralyzed, as well as insane.

The London Times congratulates English hardware men on having beaten Americans in the price of several lines of goods.

President Krueger will hire a villa in Sicily for the present. He is at present under surveillance at Lourenco Marques, and cannot communicate with the Transvaal.

Count Von Waldersee, commander in chief of the allied troops in China, arrived at Colombo on September 7. After spending a few hours ashore, the count resumed his voyage.

Adolph B. Spreckels of San Francisco caused a Republican headquarters in Chicago on September 12, and assured Senator Hanna that California would give the heaviest Republican majority ever known in a presidential year.

The strike of the anthracite workers is now declared to be inevitable, and a hundred and forty thousand men are expected to go out. The forces are well equipped for the fight, and the operators will not agree to arbitration.

A terrific storm swept over Kingston, Jamaica, on September 7. The rivers were all flooded and great damage was done to the banana plantations. Miles of the railroad tracks were washed away. The rains are still on. The losses will amount to thousands of pounds.

The semi-centennial celebration of the kind ever before attempted in San Francisco. The parade was magnificent and the superb illumination made a fairy-land of the city. Thousands danced at the Pavilion in the evening.

Steamship Cleveland arrived at Seattle on the 15th, fourteen days from Nome, with 164 passengers and \$50,000 in gold. Following vessels were in Nome September 1: Charles D. Lane, Alliance, Aloha, Discoverer, Thrasher, Valencia, Kimball, Elk, Seven, St. Paul and Louis Walsh. The Valencia expected to leave for Seattle September 2.

Frank Loomis, United States minister to Venezuela, has arrived in Washington on leave of absence. He reports quiet politics, commercial improvement, a rising price for coffee and prosperity. American capital is increasing there. Caracas is to have a plant of illumination and heating gas. The country is likely to lose one-seventh of its territory to Colombia under the terms of the Spanish arbitration.

SUGAR HAS REACHED THE 5 CENT MARK.

Sugar is now selling at five cents. After struggling at 4½ cents on the New York markets, it finally went up to the five cent mark just prior to the sailing of the Dorie from San Francisco.

Redmond, Kerr & Company, bankers of New York City, in a letter to Henry Waterhouse & Company under date of September 6 say: "Raw sugar is still very high here today, 4½ cents being paid, with every prospect of its remaining so for sometime. Several refineries have had to shut down for lack of raw material on hand. The report has reached here that the Hawaiian output is falling off."

There is no reason to believe that the New York rumor is true, as the output will probably be larger than that of last year. A denial of the rumor will go forward on the next steamer.

LATEST SUGAR ADVICES.

The latest sugar advices are of September 15th, the date of the Dorie's sailing. Sugar has advanced 15 points over the last quotations. The circular of Williams, Dimond & Company, is furnished by Messrs. Schaefer & Company as follows: SUGAR.—Prices for the local market and for export were advanced 13th inst. 10 points, and again this morning 15 points. The Western Sugar Refining Co.'s latest sale for California, Oregon and Washington is as follows:

Dominoes, half barrels	7.30c
Dominoes, boxes	7.55c
Cuba (A) Crushed and Fine Crushed	7.65c
Powdered	6.65c
Candy Granulated	6.65c
Dry Granulated, Fine	6.55c
Dry Granulated, Coarse	6.55c
Confederation A	6.55c
Magnolia A	6.15c
Extra C	6.05c
Golden C	5.95c

The price today for Nevada, Idaho, Alaska and Hawaiian Islands is quoted at 6.20 for Dry Granulated.

BASIS.—7th to 10th no sales; 11th to arrive sale 400 tons at 5c, since which no sales, making basis for 36 deg. Centrifuagals in New York 5c, San Francisco 4½c. In connection with "to arrive" sale of 400 tons, we beg to state that our telegram of 11th inst. reported sale as having been made on the 10th, but according to later telegram of 12th the sale actually took place on the 11th.

LONDON BEETS.—Sept. 5 to 8, 11-6; 10th, 11-4½; 11th, 11-3; 12th, 11-4½; 13th, 11-5; 14th, 11-7½.

DRY GRANULATED.—New York, remains unchanged.

EASTERN AND FOREIGN MARKETS.—Latest mail advices from New York under date of September 10th indicate strength in the market for Raws; the demand for Centrifuagals being at very full prices but none offering. The small quantity of European sugar available is hardly suitable for this market, and the tendencies there consequently have little or no effect on prices here. A small lot of Muscovados just arrived was sold at current quotations. In Refined it is reported that conditions remain nominally the same, with few transactions, withdrawals being large but shipments infrequent.

LONDON CABLE.—Sept. 10 reports Java No. 15 D. S. 12-7½; Fair Refining 11-9; Sept. Beets 11-3½; Oct. Beets 10.

According to latest mail reports from London transactions in Beets are few, but in spite of the curious decline in Paris, with its consequent effect upon the market for several weeks, values of August and September Beets have actually risen, due in part, doubtless, to the report of improved climatic conditions affecting the new crop, as well as to the firmer feeling manifested on account of the manner in which Hamburg Refined Sugars have maintained their value.

STATISTICAL POSITION.—Willet & Gray report Sept. 6th total stock United States four ports in all hands estimated Sept. 5, 78,478 tons against 185,094 tons same time last year. Six principal ports of Cuba, estimated Sept. 4, 6,390 tons against 27,600 tons last year. Total stock in all principal countries by cable Sept. 6, at latest eleven dates, 677,778 tons against 1,004,928 tons, deficiency under last year 327,148 tons.

MANAGER TO BE SELECTED FOR MOANA HOTEL.

J. G. Rothwell, who is superintending the construction of the Moana Hotel at Waikiki, will go to Victoria on the next colonial steamer for that port. He will order more furniture and also select a manager for the hotel. The promoters are endeavoring to make arrangements to throw the hotel open by the first of the year.

STREET WIDENING AT KALIHI.

Street widening at Kalihi is progressing favorably. Since the Bishop Estate gave up land on its taro and rice patches half way to the Kamehameha schools thus enabling the government to widen the street to the extent mapped out, several other parties owning property along the road have seen the efficacy of grading strips for the same purpose. Near Dowsett's the street improvement is going on. Trees are being sacrificed, and ancient palms are at the mercy of the axe. As soon as this work is concluded to such an extent that further road improvements can be added the Public Works Department will convert the old coral roads into macadamized streets which will be a credit to the Palama-Kalihi district. The coral roads are unfit for general traffic in rainy weather and are an eyesore on the sunny days. A physician stated to a reporter that the efficacy of grading strips in the city which has been conducive to sore and inflamed eyes, it is the coral roadways. The dust from them he states is very injurious to the iris. This is extremely noticeable in many residents of the Kalihi district who have to travel at least twice a day over the King street road.

OBSTRUCTION OF STREETS IN SHIPPING SECTION.

The obstruction of Queen street between Fort and Kaahumanu streets is seriously impeding traffic. The sewer work is being delayed on account of the immense amount of water encountered there and the pumps are hardly able to cope with the inrush. The street cars are unable to make the circuit along the street from Fort to Nuuanu and the result is a jam of vehicles. Two street cars lying on the street, exchanging animals and drivers, usually signalizes a blockade of drays loaded with heavy material. Business interests suffer at this point as they did on Fort street below Queen a few weeks since. It is well that the sewer system is not to be extended along the waterfront as shipping would be delayed and obstructed to such a point as to almost prevent ships from loading.

ELECT TWO
DELEGATES

This The Necessary
Course.

GOVERNOR DOLE'S OPINION

Will Announce This in His Proclamation Calling the Election for November.

When Governor Dole issues his proclamation calling the election for a delegate to Congress in November he will announce that two candidates are to be voted for, one to represent the Territory of Hawaii in the fifty-sixth Congress, and the other in the fifty-seventh Congress. At the meeting of the Governor's council yesterday the matter of the coming election was discussed, and the general opinion seemed to be that this course would be necessary, for otherwise Hawaii would be left without a representative in the Congress which will come into being on March 4th next. According to an opinion rendered to the Governor by Attorney General Dole yesterday, the property of churches and schools which is not in actual use for the churches or the schools themselves, will be subject to taxation. The opinion was rendered in connection with a claim for exemption presented by the trustees of Oahu College. Attorney General Dole refers to several decisions of the courts, and also to the session laws, wherein it is provided that only the personal and real property of schools and churches in actual use shall be exempt.

Mr. Dole also reported concerning his work on the matter of the ownership of Sumner's Island, saying that he intended to consult with United States Attorney Baird on the subject.

The necessity of at once providing some cemetery outside the present limits of the city was brought up by Mr. McCandless. He stated that the most feasible plan was for the Government to take some of its land beyond Dia-

mond Head and convert it into a cemetery. There was much of the land there, he said, that would prove good for such a purpose. At the present time there are several private schemes on foot for the construction of cemeteries outside of the city, but none of them seemed to be more than an embryo condition. Something must be done at once, he added, but he could offer no plan beyond the one to raise the land at Diamond Head and make of it a cemetery.

A map of the proposed extension of Punchbowl street to connect with Alamoana road was presented by Mr. McCandless. He said that objections had been lodged by Captain Merry to crossing the Government reservation, but he had promised to refer the matter to the authorities at Washington, and would recommend that the right of way be granted. The foot of Punchbowl street is in bad condition. Where it touches the naval reservation there is a sharp and narrow turn which at night is very dangerous. The present plans would cut out this sharp turn and give easy access to the beach or Alamoana road from Punchbowl street. Nothing will be done with it until word has been received from Washington giving the Territorial officials a right to cut through the Government reservation.

ISENBERG IS OUT
THE PRINCE IS IN

(Continued From Page 1.)

out for the lower house, together with George Hons, A. F. Tavares, Henry Long, P. N. Kahokuaiuna and J. K. Nakili.

Registrar Wray Taylor has received from G. P. Tulloch, chairman of the Board of Registration for the Second District including Kohala, Kona and Kau, Hawaii, the figures of registration which had been received up to September 20th. They were as follows: 1st precinct, 279; 2nd precinct, 78; 3rd precinct, 185; 4th precinct, 133. Total 680.

National Committeeman W. H. Cornwell, John Richardson and T. B. Lyons will probably get the Maui Democratic nominations for the Senate. Nearly 2,000 voters have been registered in Maui district.

A new Richmond is in the field for the chairmanship of the Republican Territorial Convention. H. P. Baldwin will be advanced by the Maui and Hawaii Republicans and his name will be proposed by George Hons, of Maui.

"Treasures of Flowers Rare
and Roses Red"

Come from enriched, well nourished soil, giving the result of perfect growth. The same result can be obtained by humanity in general, if they look after the blood, the life of the whole system.

Hood's Sarsaparilla is the one specific remedy for this, as it transforms poor blood into perfect blood—from which follows the greatest of blessings, good health.

Eczema—"Since I was a child I've had eruptions on my body which our physician pronounced eczema. I took six bottles of Hood's Sarsaparilla and have had no return of the disease." Mrs. Ida M. Potter, Connecticut, Ohio.

Hood's Sarsaparilla
Never Disappoints

Hood's Pills cure liver ills; the non-irritating and only cathartic to take with Hood's Sarsaparilla.

Half-Sick
People!

Just sick enough to feel heavy-headed, lazy and shiftless, to have no appetite, to sleep badly, to have what you eat feel like lead in your stomach.

Not sick enough to take to bed, but just sick enough to not know what to do.

TAKE
Malt
Nutrine

That's what you ought to do—a good sensible tonic that will sharpen your appetite and put new go into your nerves and muscles. Come to-day and begin taking it right away. You'll find just what your system needs right here. It is just what it's name implies.
